

Rocketing Data Science Guide

Weekly Videos About Data Science

Rocketing Data Science Channel: <https://bit.ly/3faep9p>

Get the Best Data Science Cheatsheets Before Starting: https://github.com/rocketingdatascience/Cheat_Sheets

1. Data Science Journey Guide - <https://cutt.ly/IEW9hDx>

1. The Data Science Roadmap
2. Data science degree, is it worth?
3. Laptop for Data Science
4. Data Science Portfolio
5. <More content soon>

2. Machine Learning Explained - <https://bit.ly/2RRLMX1>

1. What is Machine Learning?
2. Unsupervised VS Supervised VS Reinforcement Learning
3. Batch Learning VS Online Learning
4. Instance Based VS Model Based Machine Learning
5. <More videos soon>

3. Python For Beginners Tutorial - <https://bit.ly/3g1sfww>

1. Variables and Operations
2. Data Structures
3. Flow Control - If, While and For Loop
4. How to Import and use Modules and Libraries
5. Functions
6. Lambda Functions
7. Input and Output Operations
8. Classes and Instance Objects
9. Introduction to Numpy - SOON
10. Introduction to Pandas - SOON
11. Introductions to Matplotlib - SOON
12. Stock Market Prices Analysis - SOON

4. Hands On Data Science SOON – Detailed Step-by-step on how to build a project with scikit-learn.

5. Machine Learning Projects & Tutorials - <https://bit.ly/3wgoWaF>

1. K-Means Clustering - Mall Customers Segmentation
2. Linear Regression - Predicting House Prices
3. Classification - Credit Card Detection
4. Sentiment Analysis - End-To-End Project
 - a. Web Scrapping Data
 - b. Preprocessing Data
 - c. Sentiment Analysis Using Machine Learning
 - d. Building a Dashboard on Power BI
5. <More projects soon>
